

# Recycle Today for a Greener Tomorrow

Imai and MVWSD are supporting

## in their RECYCLING CHALLENGE

### Problem

The US produces **42 million metric tonnes** of plastic waste per year. Nearly three quarters of the plastics we consume go to landfill rather than being recycled.

### Who is NexTrex?

Creates **eco-friendly outdoor products such as decking and railing** made from recycled plastic products.

### Get Involved

Collect and bring **your approved items** to the designated bins inside the school office between **APRIL 21-25**.

## APPROVED ITEMS

\*All plastic must be clean, dry and free of food residue.
